isla

healthcare seating collection

isla

The Isla boasts an attractive oval steel leg capped with your choice of either a wood arm or a polyurethane arm.

Many healthcare facilities today are moving away from traditional wood seating, and toward more sanitary and environmentally responsible materials. The Isla was developed to meet this growing demand.

Isla offers the broadest range of options of any of our metal seating designs. It is available in 3 seat widths (21", 24" and 31"), 2 back styles (round and square) and boasts a total of eighteen unique configurations, plus benches and tables.

When selecting seating for any healthcare environment, the Isla collection is likely the most practical decision you could make. Besides offering a generous dose of comfort, the Isla collection boasts a range of features that facilitate effective cleaning practices in view of a happier, healthier environment.

LINET seating products are Level Certified. To learn more, visit www.levelcertified.org.

features

Extended arms feature contoured handgrips for easy ingress and egress

Ample spacing between seat and back enables easier cleaning

Optional flex-back available on guest and patient chair models

Wall saver rear leg design prevents damage to walls

Seat and back upholstery covers are removable for easy cleaning or replacement

Optional polyurethane arms available in black, grey and taupe
